France's finest exponents of rock-n-blues-scuzy-swagger **Dimi Dero Inc.** are set to return to Australian shores in March.

Since forming in Paris in 2002, **Dimi Dero Inc** have been producing their own brand of evocative swamp rock. They teamed up with The Drones in March 2007 to tour Australia. This March sees them coming back to collect more souls during another kaleidoscopic sonic adventure down under.

Dimi Dero Inc are the dirty love child of Scientists, The Gun Club, Rowland S Howard, and The Birthday Party, whose dark and dangerous, swamp-infused voodoo rock'n'roll rhythms produce an upper cut to your cerebral chord.

Dimi Dero Inc's pedigree is impressive and their connections with Australia run deep with various members collaborating over the years with, Hugo Race (Bad Seeds, Wreckery), Noah Taylor, Loene Carmen (Syd), Warren Ellis (Dirty Three, Grinderman), Mick Harvey (Bad Seeds/Grinderman), Penny Iking, Nikki Sudden, Steve Shelley (Sonic Youth), The Holy Curse, Deniz Tek and The Nomads, amongst others. They have shared stages with Beasts Of Bourbon, The Drones, The Dum Dum Boys, Gallon Drunk and Tav Falco just to name a few. In 2006 **Dimi** produced and performed on a tribute album to Rowland S. Howard released on Stagger Records.

The band have released two albums **Greetings From Trauma** (2004), and **Sisyphus, Window Cleaning** (2007). The later was released worldwide via Australian label Off The Hip and Spanish label Bang! Records (Europe only), and features Ash Wednesday (The Models/JAB/ Einsturzende Neubauten) on synthesizers.

Live **Dimi Dero Inc** unleash high-energy, unremitting, erotic, brood-infused Rock And Roll and are not to be missed.

C'est le vrai Rock and Roll!!! Viva Le Rock!!! Viva Le Roll!!!
